Critical Total:	17	

Secondary Criteria

	Rating (1-3)	Rationale
Viability		
Domain	2	Hospital system might be a little beyond some of our student immediate experience, but they could probably figure out most of it
Maturity	3	Project is certainly mature with many releases
User Support	3	
Roadmap	3	Very well defined
Approachability		
Contribution Types	2	Many options
Openness to Contributions	3	Not just open but even inviting to student contributions
Student Friendliness	3	
Suitability		
Product Description	3	Quite well done on the Wiki
Platform	3	Our students who have had Java will have used Eclipse
Development Features	2	
Secondary Total:	27
